

Confirmation about the use of tablet terminals for learning in Ibaraki City

About the purpose of use

- The tablet terminal and software lent by Ibaraki City will be used for studying at school and at home, and for communication between school and home.

About protection of personal information

- When taking a picture or recording a sound or video, I will obtain the permission of the other party (portrait right, etc.).
- I will not disclose my personal information or other people's personal information on the Internet.

About human rights violations

- I will be considerate of other people and not hurt or cause discomfort.

About copyright

- I will respect the work and expressions of others and obtain permission when using them.

About safety and network rules and manners

- I will avoid browsing or posting inappropriate sites on the Internet.
- I agree that the teacher or guardian will check for improper use.

About health

- I will pay attention to my health and use it at a fixed time.

About Wi-Fi router (only for those who borrow one)

- The Wi-Fi router lent by the school will not be used for any purpose other than learning for students and communicating with the school and home.

I will observe the above conditions and use a learning tablet.

To the director of the Ibaraki City Education Center
